Background: I'm a fifth-year PhD Candidate in Economics at the University of Tennessee, which means I'm in 21st Grade. I grew up in rural Texas, and I completed my undergraduate degree at the University of Mississippi (Ole Miss) in 2022. Go Rebs and Hotty Toddy! Don't worry, I converted to a Volunteer when I moved to Knoxville five years ago. I research health economics, which means I think about efficient ways to help people be as healthy as possible.

Exams (EX) - 400 points

- Four exams; each will consist of multiple-choice, True/False/Uncertain, and short answer/problems.
  - 30 MC Questions
  - 5 T-F-U Questions
  - 4 Short Answer, Fill-in-the-Blank, Matching and/or Ordering Questions
- Exams will not be cumulative, but some material may carry over.
- Extensions are not available for a missed exam.

Optional Comprehensive Exam (OCE)

A fifth exam is offered to replace a missed exam or replace a low score. The comprehensive exam is not required. If the first four exam grades are satisfactory, then the comprehensive exam is not necessary. Completion of the comprehensive exam cannot hurt your final grade. If it is the lowest of the exam scores, it will be dropped. Only the best four out of five exams will contribute to the final grade determination.

The comprehensive exam can only replace one missed exam. Additional missed exams will result in a zero.

Homework (50 points)

- Homework will consist of problems, true/false, and multiple-choice questions.
- Homework is due at 10:00 am on the due date.

- Four assignments, 12.5 points each.
- Due date extensions are not available.

Comprehensive (Optional) Homework

A fifth assignment is offered to replace a missed HW assignment or replace a low score. The best four of the five homework assignments will count towards the final grade. The comprehensive HW assignment is not required but recommended for one missed HW assignment or for replacement of the lowest HW score. If the first four HW grades are satisfactory, then the comprehensive HW is not necessary. Completion of the HW assignment cannot hurt your final grade. If it is the lowest of the HW scores, it will be dropped.

Once the HW assignment is initiated, it must be completed within 2 hours.
Availability is from Saturday, Dec 5 @ 5:00a to Sunday, Dec 6 @ 11:59p
The comprehensive HW can only replace one missed HW assignment. Additional missed HW assignments will result in a zero.

Quizzes - 50 points

- Twelve assignments; the two lowest assignment scores/missed assignments are dropped.
- Quizzes are completed in Connect.
- Quizzes are considered open book/notes.
- Quizzes may include short answer, multiple choice, and True/False.
- Timed: 30 minutes
- Attempts: 2 - Higher score is used for grading.
- Due date extensions are not available; late submissions are not accepted.

Extra Credit:
Connect SmartBook (SB) Review

- Extra credit review activity.
- 1 point for each chapter completed prior to the exam.
- 12 points maximum.
- SmartBook is an adaptive learning tool that maximizes productivity and identifies the most important learning objectives for each student to master at a given point in time.

Note: The narrated PowerPoints are another helpful study tool, but Extra Credit is especially for SmartBook.

Pellissippi State Community College Attendance Policy

Students are expected to attend and participate in all scheduled class, laboratory, or clinical sessions. Absences result in missed learning opportunities, lower grades, and, in many cases, failure for the course. Prompt and regular attendance enhances the likelihood of student achievement while also instilling habits that will prepare graduates for success in the workplace.

With the approval of the chief academic officer, individual programs/disciplines/departments may establish specific requirements for attendance in individual courses. Those requirements will be reflected in the course syllabus. Financial aid recipients are responsible for meeting attendance requirements in order to maintain scholarship or financial aid eligibility.

Business & Computer Technology Attendance Policy

- For asynchronous web sections, a student's attendance status will change to "non-attending" after two consecutive weeks of missed assignments.
- For an on-campus, (ECON-2100-P04-Principles of Macroeconomics):
    - The attendance status will change to "non-attending" after four missed class meetings.
    - Students are required to attend 75% of scheduled class meetings. Absences in excess of 25% (greater than 7 missed class meetings) will result in a failing grade of an F.

Late Policy

All quizzes, homework assignments (HW), and exams must be completed. Students must earn no less than 60% of the credit available on quizzes, HW assignments, and exams to pass the course.

Failure to complete the weekly assignments will have a significant negative impact on your overall course grade. The course policies are set up to accommodate missed assignments due to family, medical, work or other personal conflicts.

- One missed exam can be replaced with the comprehensive (optional) exam.
- One missed HW assignment can be replaced with the comprehensive (optional) HW assignment.
- Two missed quizzes are allowed and have no effect on the final grade determination.

Extensions and make-up work are not available.

- Requests for extensions or exceptions will receive the following message:

  The course policies allow flexibility when personal, family, medical or work conflicts with assignments and exams. A missed exam can be replaced with the optional comprehensive exam. Two missed quizzes will not be counted in the final grade calculation.

  Arbitrary changes to a policy would neither be fair, nor prudent. The consistent application of the policy ensures an equitable evaluation. It would be unfair to change the grading criteria or the late policy for an individual student. Therefore, given the flexibility regarding missed assignments, extensions are not approved.

Academic Misconduct

Please see the Pellissippi State Policy 04:02:00, Academic/Classroom Conduct and Disciplinary Sanctions for the complete policy.

Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

- Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments.
- Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source.
- Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers or other academic materials to be presented as one’s own work.
- Taking an exam for another student.
- Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor.
- Any of the above occurring within the Web or distance learning environment.

Exams - The use of any external resource, notes, textbooks, solution platforms, people, devices, and/or artificial intelligence (AI) is prohibited.
Quizzes - Assistance is limited to notes and the assigned textbook; other forms of assistance, including but not limited to AI and online solution platforms, are prohibited.
Homework - Tutoring (instructor or PSCC Tutoring Center), collaboration with other students, and the use of notes/textbook are permitted; other forms of assistance, including but not limited to AI and online solution platforms, are prohibited.

Any suspected violations of the policy will result in a reduced assignment grade, a zero for the assignment or an assigned grade of "F" for the course.
