9 Is there any additional feedback you would like to provide about the instructor (e.g., teaching sty management, accessibility)?

(Instructor Text/Memo)

Kaden, Grace Instructor

- One of my favorite instructors I have had in college.
- The best ECON professor I've had and one of my favorites through Haslam so far. One of the few times where its clear the goal is to really learn and understand the content rather than just going through the Unit exam and not touching the content again. Well organized lectures with engaging games/methods of teaching. A few of the standard lectures got a little long/boring but its ECON. Thought it was a nice mix of fun and work and made it easy to learn.
- Wonderful professor. Always extremely helpful and you can tell he cares about the material and helping his students succeed.
- Professor Grace, it was wild to me that this was your first time, or one of your first times teaching. You were an excellent communicator, you were very well organized, and your teaching was some of the best I've had in college. I wish that I was able to continue to take courses from you.
- amazing teacher, helps you understand and connects with the students. would 100% take again!!

10 Is there any additional feedback you would like to provide about the course (e.g., workload, content, technology)?

(Text/Memo)

- N/A
- I wouldn't change a thing. I liked all the policies. Attendance was important, you were encouraged to go to office hours, exam corrections to go back and understand the content, homework wasn't too easy. Really enjoyed everything.
- The best Econ class I have taken so far.
- no
